**Strategies for practising spelling:** Write each word in a sentence. Look each unfamiliar words up in a dictionary and write out the dictionary definition. Create your own dictionary definition of familiar words. Copy each word one letter at a time ie: W WO WOR WORD. Trace the word with your finger onto a partner's/sibling's/parent's back and see if they can guess it. Make up an acronym to help you remember ie: Big Elephants Can't Always Use Small Entrances (because).
