

HMS Staff Profile

Name: Mrs Gregory 7AMG
Teacher of Science

Subjects I teach

I teach Key Stage 2 and Key Stage 3 science. I also teach computing across the two key stages.

An interesting fact about me

I have an identical twin sister, although I haven't tried sending her into school instead of me yet!

Clubs I lead

At school, I run the Year 7 science club at lunch times. This is a popular club and an exciting chance to try out some fun science experiments

What my class would say about me

I hope my class would say that I was fair and friendly and easy to ask for help.

My hidden talent

I'm not sure I've found my hidden talent yet. I'm still looking!
