

HMS Staff Profile

Name: Mrs Tanner Teacher of Computing

Subjects I teach

Computing and History

What I enjoy doing outside of school

Outside school I spend a lot of my time with my three children. We really enjoy bike riding and going to the beach.

An interesting fact about me

When I was in middle school, I did equestrian vaulting. For those of you who do not quite know what this is, equestrian vaulting, or simply known as vaulting, is gymnastics and dance on horseback. It is a harmonious bond between horse and athlete that creates acrobatic displays. A cool fact? I completed the try outs for the Brazilian Olympic Vaulting Team.

My favourite book

Recently I have started a mother-daughter reading group. Most of the books read so far have been thought-provoking. We recently finished Noughts and Crosses, a great book by Malorie Blackman.

Clubs I lead

In school I run the Magic: the Gathering Card Club, this is a fun card game in which wizards cast spells, summon creatures, and exploit magic objects to defeat their opponents.

What my class would say about me

My classes would definitely say that I have a catchphrase. If you are in my lesson you are bound to hear at some point "Capisce" (Capiche – which is Italian for understand). I am firm, but kind, and I am very fair. I am always available to listen and help when needed.

My hidden talent

I really enjoy upcycling furniture. There is such a sense of achievement when I have finished and the transformations are quite something.
